

Suyash Muluk

7738765774 | suyash.muluk04@gmail.com | Mumbai 400033

Experienced senior frontend developer with a proven track record of designing and implementing engaging user interfaces for web applications, utilizing cutting-edge technologies and optimizing for performance.

Skills & Tools

- HTML 5
- CSS 3
- Javascript
- Typescript
- Angular 8+
- Bootstrap
- SCSS
- SASS
- VS Code
- Chrome Developer tool
- Postman
- MongoDB Compass
- Figma
- Jira
- Version Control: Git(GitHub, Gitlab)
- Mailgun

Experience

SDE III, Xportify Technologies, Mumbai

July 2019 - Current

- Over 4 years of professional experience in frontend development.
- Proficient in building Angular projects from scratch.
- Experienced in developing mobile-responsive and dynamic websites using HTML5, CSS3, SCSS/Sass, and related web technologies.
- Utilized responsive design frameworks like Bootstrap to streamline and expedite the development of mobile-friendly interfaces.
- Strong understanding of JavaScript language fundamentals, including variables, data types, functions, and control flow.
- Implemented Material Design principles using Angular Material components for consistent and aesthetically pleasing user interfaces.
- Proficient in API integration to enable seamless communication between frontend and backend systems.
- Collaborated with designers and backend developers to integrate designs and functionalities effectively.
- Performed comprehensive unit testing and debugging using developer tools' debugger to deliver a polished, error-free product.
- Conducted performance audits using tools like Lighthouse and implemented improvements based on findings.
- Familiarity with design principles to create visually appealing and user-friendly interfaces.

- Proficient in using Figma for collaborative design, prototyping, and UI/UX design tasks.
- Proficient in using version control systems like Git for efficient code management.
- Proficient in using JIRA for project management, issue tracking, and agile development processes.

Education

Bachelor of Engineering: Information Technology,

A.C.Patil College Of Engineering - Kharghar, Navi Mumbai (August 2016 - May 2019)

Diploma: Information Technology,

Vidyalankar Polytechnic, Mumbai (July 2013 - April 2016)

S.S.C: Shivaji Vidyalaya, Mumbai

March 2013

Mockup Projects

- Tic Tac Toe Game: bit.ly/3Sxbl5n
- Static Landing Page: bit.ly/3HfXznD
- Ivory Dental Craft: bit.ly/3JkQfty

Accomplishments

- Developed the '**Easy Media**' VS Code extension snippet to streamline media query generation in CSS for Front-end developers, enabling quick and convenient code generation from a set of keywords.
- Created the '**gen-regex**' NPM module/library for Node.js and '**gen-regex-angular**' for Angular, offering pre-defined regex patterns for email, PAN, GST, and Aadhar validation – commonly used in India. This eliminates the need for developers to search for these regex patterns online.
